

## GE STAR Awards: A GE Foundation Program Frequently Asked Questions

### Program Description:

The GE STAR Awards competition is open to children of eligible GE employees worldwide. Recipients, chosen through a selective application process, are awarded a one-time award in one of two categories to defray first-year higher education expenses. The first category is for those attending a four-year college/university (or equivalent outside the U.S.); the second is for those attending a two-year community college/vocational-technical school.

Recipients attending a four-year school will be awarded a \$4,000 award. Recipients attending a two-year school will be awarded a \$1,500 award.

Recipients are determined in a highly selective global competition independently managed by the Institute of International Education (IIE), an international non-profit educational exchange organization. Applicants will be selected on the following criteria:

- Academic achievement and potential (rank-in-class, grade point average, test scores, etc.)
- Extracurricular and community activities, including work experience
- The student's personal experiences and goals, as described in a written statement
- One Reference form and letter

### Eligibility:

#### ***Who is eligible to apply?***

- ✓ The birth child or adopted child of an eligible GE employee; a stepchild who lives with an eligible employee; or another child who lives permanently with an eligible employee, depends solely on that employee for support, and for whom the employee or his/her spouse is the court-appointed permanent guardian; **and**
- ✓ Currently enrolled at the highest level of studies available at the higher/upper secondary school level in a public, private, or parochial school (or equivalent of a high school senior, including students who are home-schooled). *(For non-US applicants, please see specific link for your country); and*
- ✓ Enrolling for the first time in post-secondary education – a full-time undergraduate course of study at an accredited four-year college or university; or an accredited community college or vocational-technical school.

**Note: If your first enrollment in post-secondary / university study will be during the calendar year 2021, apply now for the 2021 competition. If your first enrollment in post-secondary / university study will be during the calendar year 2022, you should apply for the 2022 competition, which will be announced in Fall 2021.**

If military service is required or you intend to take a "Gap Year" before beginning your post-secondary studies, please refer to the questions below under **Distribution of Award**: – *"What if I take a Gap Year?" and "What if my country mandates military service duty between higher/upper secondary school and post secondary studies?"*

If you are applying from outside the US, please refer to the country-specific links below:

1. Signed copy of the completed application form

2. Your most recent (3-4 years) transcript of grades/academic record provided by the school in a sealed envelope
3. Reference form and letter (returned to you from the referrer in a sealed envelope). Please do not send more than one reference form and letter. Additional forms and letters will not be considered.
4. (Optional:) Results of university entrance examinations, standardized academic test scores, etc. (if applicable and/or available). Copies of test scores or test scores reported on official transcripts are acceptable.

**\*IIE is unable to accept any of the above documents or full application packages via email or fax.**

***Do I have to send a reference?***

Yes. The reference form that accompanies the application is required. This can be completed by a teacher, counselor, employer, etc. who is familiar with your academic record and/or work and volunteer experience. **Please note that this cannot be completed by a family member.** This reference will provide the selection committee with additional information about you when reviewing your application.

A reference letter should be attached to the form. If the form is not complete, your reference letter will not be considered. Please send only **ONE** reference letter. Any additional letters will not be considered.

As stated on the reference form, the reference will be kept strictly confidential and must be given to you in a sealed envelope by the referrer. Mail the reference letter to IIE in the sealed envelope with your other supporting documents.

All reference letters must also be postmarked by December 14, 2020.

***What if I only have one official copy of a required supporting document?***

If there is only one official version of the document, we will accept a photo copy bearing an official signature or stamp (for example, a copy of your official transcript with the principal's signature on the copy).

***Will IIE accept supporting documentation via email or fax?***

No. IIE is unable to accept faxed or emailed documents.

***What if my application package gets lost in the mail?***

If you have not received confirmation by February 5<sup>th</sup> that your application package is complete, it is your responsibility to follow up with IIE. IIE is not responsible for any documents lost in the mail.

**General Application Questions:**

***How do I know which program to apply for?***

If you are planning on attending a four-year college or university (or equivalent outside the U.S.), you should apply for the 4-year Category award. If you are planning on attending a community college, junior college, or vocational, trade or technical school, you would apply for the 2-year Category award.

***Can I apply to both program categories? What if I don't know if I will be attending a university or community college program?***

If you are not sure if you will attend a four-year university or a two-year vocational/technical or community college program, you may apply for both categories. However, you must submit separate application packages for each.

If you finalize your decision before April 1st, please notify the Institute of International Education (IIE) immediately. Your application will be withdrawn from the appropriate program category.

Please note, this award is not transferable between categories and may be applied only toward costs of an institution that corresponds to the application category.

If you win an award for one program category, but decide to switch post-secondary programs, please refer to the question below under ***Distribution of Award – What happens if I decide to change post-secondary programs?***

***I am a home-schooled student. Am I eligible for the GE STAR Awards program?***

Yes, you are eligible for the GE STAR Awards program as a home-schooled student as long as you are in your final year of your higher/upper secondary education.

***How important is the Personal Experiences and Goals written statement (essay)?***

The essay portion of the application is an important opportunity for you to provide information about yourself that is not listed in your application, which you feel might be helpful to the reviewing committee.

There is no right or wrong way to write your essay. Each individual approaches this section differently. It is an opportunity to make your application unique and expand upon what you have already listed in the rest of the application.

**Selection**

***Are all applicants evaluated in the same category?***

No. The selection process consists of four general categories:

US students in 2 YR category

US students in 4 YR category

Non-US students in 2YR category

Non-US students in 4 YR category

Each student is evaluated within his/her individual country's education system and assessment structure.

***Are GE Foundation or GE Employees part of the review panel?***

No. All applications are reviewed by independent committees organized by IIE. GE and GE Foundation employees do not participate in any portion of the review process.

**Notification:**

***When will I be notified of my status?***

IIE will notify all applicants of their status via email. Notification letters will be sent electronically to the email address entered in the application form. Letters will be emailed no earlier than mid-April by IIE, not General Electric or the GE Foundation.

ALL DECISIONS ARE FINAL. APPEALS WILL NOT BE CONSIDERED.

**Distribution of Award:**

***How may I use the award?***

Awards are intended to help the students meet their first year's expenses at a four-year college or university (for the 4-Year Category) or a community college or vocational-technical school (for the 2-Year Category) and may be used to pay for tuition, books, lab fees, room and board, or other related educational expenses. ***IIE does not issue tax documents in connection with your award.***

***When will I receive my award?***

After notification, you will be asked to accept the award by submitting your signed Letter of Award. You will submit your proof of enrollment you're your academic institution when it becomes available to you. After receipt of the required documentation, IIE will send your award check to your home address or by wire transfer with the appropriate form.

Please note that because you may not obtain proof of enrollment until the beginning of your first semester, it is possible that you will not receive your award in time for your tuition due date. Upon mailing your signed original Letter of Award and proof of enrollment to IIE, please allow 3-5 weeks processing time to receive your award.

***How will I receive my award?***

IIE, not General Electric or the GE Foundation will distribute your award funds.

IIE distributes payments electronically to participants with U.S. bank accounts. Award winners with a U.S. bank account will receive an email from IIE's bank when award funds are available. Follow the registration instructions and the money will be transferred directly into your bank account.

For award winners who do not have a U.S. bank account, IIE will request that you provide banking information so that a transfer of funds may be made by Wire/ACH. Transfers will be made in USD only and you should ensure that your bank accepts payment in USD.

Awards will not be issued or mailed to your college or university. It is your responsibility to make arrangements with your Financial Aid office as necessary.

***What are acceptable forms of proof of enrollment?***

Proof of enrollment must demonstrate your firm intent to enroll in classes at your post-secondary education institution. Letters of acceptance and confirmation of deposits paid are not sufficient. You must submit one of the following:

- ✓ A letter of verification of enrollment from the appropriate university official stating that you have registered in classes; **or**,
- ✓ A copy of your receipt from the university's office acknowledging payment of tuition for that year; **or**,
- ✓ A copy of an official confirmation of registration in classes for that year (printouts of online registrations are acceptable)

**The proof of enrollment must include your name, the name of your school, and indicate the semester for which you are enrolled.**

***What happens if I decide to change post-secondary programs? What happens to the award?***

If you receive an award for expenses at a four-year college or university and have decided to attend a community/junior/vocational/technical college instead, you will have to forfeit the award and it will go to an alternate recipient. It will be the same for the reverse situation.

**IF YOU DECIDE YOU WILL NOT BE ATTENDING A POST-SECONDARY PROGRAM, YOUR AWARD WILL BE FORFEITED.**

If you decide to defer your post-secondary studies, you will be eligible to receive your award when you enroll in classes, up to one year from your original start date. If you defer your studies for more than one year, your award status will be reviewed and approved by IIE on an individual basis with the possibility of forfeiture.

***What if I take a "Gap-Year"?***

If you plan to take a Gap Year between graduation and your post-secondary studies, you **MUST** apply for the program while still in your final year of higher/upper secondary school. Should you be selected for an award, you would defer acceptance of that award for one year until you are enrolled in post-secondary studies. You are not eligible to apply to the program during your Gap Year after you have graduated from higher/upper secondary school even if you have not yet begun your post-secondary studies.

***What if my country mandates military service duty between higher/upper secondary school and post-secondary studies?***

If your country mandates national military service duty between graduation and your post-secondary studies, you **MUST** apply for the program while still in your final year of higher/upper secondary school. Should you be

selected for an award, you would defer acceptance of that award until you have completed your service and are enrolled in post-secondary studies. You are not eligible to apply to the program during your military service duty after you have graduated from higher/upper secondary school even if you have not yet begun your post-secondary studies.

***What happens if I am unable to claim my award within one year?***

Because the purpose of the GE STAR Award is to assist in defraying first-year costs associated with university attendance, the award must be claimed within the first year of the student's enrollment at university. If you do not enroll in your degree program within this time frame, please contact us to request a deferral of your award. Approval to defer your award is based on a case-by-case basis and cannot extend beyond 3 years. If your award is not claimed by the deferral deadline, you risk forfeiture of the award.

***How do I report this award on my tax return forms?***

Each person's tax situation is different; please consult with a tax preparer in your country for more information.
